Introducing **xcrowd finance inc.**

Growth chart

Overview

Xcrowd Finance is an investment platform that aggregates funds for investment in crypto and other exchanges.

We believe in an open, secured and transparent system where users can leverage on a distributed network. We also believe that everyone should have the freedom to earn, hold, spend, share and give their money - no matter who you are or where you come from.

We're also committed to meeting the highest standards for regulatory compliance to maintain our responsibility to our users and further build a sustainable path forward for the blockchain industry.

Our best Qualities

01

Ultra Fast & Secure -

We provide instant payout transactions when investment is due

02

Highly Scalable -

We have understood the problem with savings of finance, so we provided a income system.

03

Reliable & Low Cost -

As a means of financial support, we also provide instant bonuses on signup and referrals.

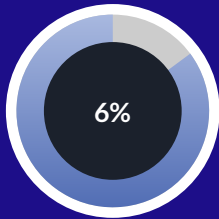

Target Audience

We've resumed offline events and meet-ups in cities where they're permitted, from USA and Canada to Europe. Meet-ups give community members the chance to connect and share ideas in person, hear from Xcrowd Finance team members, industry experts, and special guests. Our target audience are people that want to have passive income system as a backup plan.

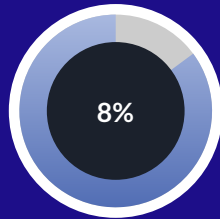

Investment plans

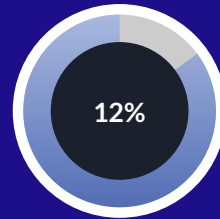

We provide top notch plans that suits every customer's financial planning

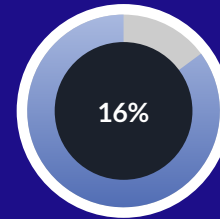

Basic Plan

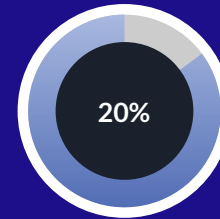

Mini Plan

Mega Plan
